

## 2016 Holiday Wish List

Thank you so much for your desire to make this holiday season a happy and joyous time for the families that we serve. Many families contact Family Services as a result of experiencing the devastations of domestic violence and/or sexual assault. While no one can change the past, it is through your gifts that we may make this holiday season brighter and offer hope for their future.

Gifts should be *NEW* and *UNWRAPPED* and delivered to the Family Services Gateway office (1200 S. Broad Street). For more information or assistance with selecting gifts, please contact Brittany Holmes, Safe Relationships Division, at 336-724-3979.
